

Index to Icones fungorum niskiensium attributed to L. D. von  
Schweinitz by D. H. Pfister August 1993

page	name	comments
1	A. <i>gymnopus ramealis</i> , Omph. <i>epipylla</i>	
	Amanita <i>livida</i>	
	Tremella <i>undulata</i>	
	"unidentified cup fungus"	
2	A. <i>Crotinaria cinamomea</i>	
	Gym. <i>argillaceus</i>	
	A. <i>Pratella camesris</i>	
	Peziza <i>leucoloma</i>	
	<del>Peziza pocula [crossed out]</del> crena?	
3	Peziza <i>leporina</i>	
	A. Prat. <i>pascua</i>	pencil annotation var "beta"
	A. <i>Mycena flavipes</i>	
	Sphaeria <i>hypoxylon</i>	
4	A. <i>Gymnopus lycoperdoides</i>	
	Tubulina <i>fragiformis</i>	
	Leotia <i>circinans</i>	pencil annotation and number 4
	Amanita <i>serrata Nobis</i> [struck out] <i>spadicea</i>	drawing of gills and pileus section
	Arcyria <i>punicea</i>	
	Sphaeria <i>subulata</i>	
	A. <i>omphalia campanella</i>	
5	Peziza <i>nivea</i>	
	Sphaeria <i>stigma</i>	

*A. cortinaria aurantia* [struck out] *fulgens*  
unidentified *Sphaeria*

A. *Mycena alliata*

## Trichia nigripes

A. Mycena rosea

## Sphaeria ovina

Peziza

## Trichia rubiformis statujum

Peziza scutellata [struck] stercoraria

## Sphaeria quaternata

## 7 Stemonitis typhina

Peziza Solenia incana

A. *Gymnopus chrysophaeus*

A. *Gymnopus purus*

**Naemaspora crocea**

## Clavaria

8 Tuber album

A. *Cortinaria alboviolacea*

## *Helotium galeatum*

## Cyathus striatus

## Tremella dubia

### *Boletus annula*

9 *Boletus annulatus*

## Amanita citrina

Cortinari. flava

### Lepiota cadiucina

## 10 Lepiota cucicina "beta"

also labeled in  
pencil

A. Russula

A. *Cortinaria crocea*

## Bovista nigrescens

11	<i>Mucor mucedo</i>	
	<i>Physarum farinaceum</i>	
	<i>A. Cortinaria nuda</i>	
	<i>Mesenteriaca grisea</i> Nob.	
	<i>Trichia olivacea</i>	
	<i>Sphaeria lagenaria</i>	
12	<i>Peziza alutacea</i>	
	unidentified orange cup fungus	
	<i>Pratella edulis</i> "beta"	a l s o annotated in pencil
	<i>A. Coprinus ferrugineus</i>	
	<i>A. Pleuropus ostreatus</i>	
13	<i>Boletus citrinus</i> obsoles	
	<i>Peziza scutellata</i>	
	unidentified ?myxomycetes	
	<i>A. Gymnopus pluteus</i>	
	<i>Peziza cyathoidea</i> "beta"	
14	<i>Boletus fuligineus</i>	
	<i>A. Pleuropus epigaeus</i>	
	<i>A. Mycena epiterygia</i>	
15	<i>Leotia lubrica</i>	
	<i>A. Omphalia migrella</i>	
	<i>A. Gymnopus vaccinus</i>	
16	<i>Aecidium cornutum</i>	
	<i>Peziza umbrina</i>	
	<i>Stemonitis ovata</i> <i>incarnata</i> [both species epithets struck out]	
	<i>Peziza aurantia</i>	

16 cont.

- A. Pleuropus variabilis stat. jun.
- Cop. semiglobat.
- Peziza macropus "Beta"
- Physarum squamulosum

17

- A. Cortinaria hemitricha
- a small unnamed bolete
- A. Lactifluus deliciosus
- Merisma foetidum spec. parv.
- an unidentified ? pyrenomycete

18

- A. Omphalia epichysium
- Uredo Rosae centrifoliae
- Puccinia Rosae
- Boletus circinans
- Thelephora C. hydnoidea
- Fuligo vaporaria

19

- A. Lactifluus subdulcis var. minor
- Gymnop. vialis various pencil annotations including "(108)" "(111)"
- A. Lepiota caudicina
- Sphaerobolus stellatus
- Clavaria cristata
- Peziza sulphurea

20

- Clavaria pistillaris
- Clavaria monstrosa
- A. Mycena tener
- M. leptocephal??
- A. Gymnopus vaccinus
- Peziza

21           *Physarum farinaceum*  
              *Peziza cinerea*  
              *Stemonitis ovata*  
              *Boletus scaber*  
              *Poria cornuta Nobis*  
              unidentified leaf parasite

22           A. *Cortinaria glaucopus*  
              A. C. *flavida*  
              unidentified agaric

23           *Boletus leptocephalus*  
              *Peziza aeruginosa*  
              A. *Gymnopus pluteus* [struck out] *platyphylla*  
              A. *Prat. fuliginea*  
              *Diderma vernicosum*

24           unidentified discomycete  
              *Peziza sarcoidea*  
              A. *Russula tacea furcata* [?]  
              unidentified pink spored agaric

25           unidentified ?jelly  
              A. *Omphalia campanella*  
              A. *Pussula ochroleuca*  
              A. *Mycena galopus*  
              A. *Mycena haematopus*  
              A. *Cop. semiglobat.* var.

26           *Amanita umbrina*  
              A. *Cortinaria corocea*  
              unidentified pink pustules on wood

26 continued      A. *Cortinaria corcea*  
                    *Physarum confluens*

27                 A. *Omphal. bella*                  pencil annotation "(79)"  
                    *Naemaspora crocea monstros.*  
                    unidentified agaric                  pencil annotation "(55)"  
                    A. *Coprinus semiovatus*

28                 *Peziza rhizophora Nobis*  
                    *Inexplicatus Fungus*  
                    A. *Pratella pascua*  
                    *Phylarum farinaceum*  
                    *Trichia varia*  
                    *Diderma contortum*  
                    *Aegerita candida*

29                 A. *Lepiota caudicina "gamma"*  
                    A. *Pratella montana*  
                    A. *Omphalia epichysium "delta"*  
                    A. *Mycena galericulata "beta"*

30                 *Cribaria argillacea*  
                    *Stemonitis sasciculata*  
                    *Clavaria monstosa.*  
                    *Arcyria flava*  
                    unidentified tubular fungus  
                    *Peziza fructigena*  
                    *Arcyria cinerea*

31                 *Mycena epiphylla*  
                    A. *Omphalia prunula*  
                    A. *Gymnopus pratensis*

31 cont. A. M. tenacella  
unidentified small agaric

32 Trichoderma suberculat.  
unidentified  
Thelephora S. rugosa  
unidentified  
Sphaeria pustulata

33 A. Omphalia gibba  
A. Prat. praecox.  
A. Pleuropus ostreatus  
A. Gymnopus velutipes [struck]

34 A. Coprinus ephemerus [struck] radiatus  
Sphaeriae quaedam indistinctae  
5 unidentified sphaerias and the name

35 A. Latifluus theiogalus  
A. Mycena tenacella?  
Leotia mitrula  
Peziza bolaria  
Himantia candida

36 A. Cortin. pyriodora  
A. Om. obesa [struck] ? gibba  
Clavaria abietina  
A. Omphalia farinacea [struck] amethystinus

37 Cribaria cernua  
Trichia nitens  
Sphaeria rubiformis  
Sphaeria fusca  
Sphaeria stigma

37 cont.	Sphaeria moriformis	changed from rubiformis
	Fuligo rufa	
38	A. Pratella praecox	
	A. Om. farinacea	
	A. Gymnopus odorus	
	A. Mycena galericulata	
	Licea variabilis	
	an unidentified agaric	
39	A. Lepiota squarrosa	pencil "(13)"
	A. C. foenisicii	pencil "(78)"
40	Stemonitis ovata "beta"	
	Trichoderma tuberculat.	
	A. Cortinaria Gomphus.	
	A. G. argillaceus	
	Peziza	
41	Monilia candida glauca	
	Clavaria	
	Merulius aurantiacus	
	Peziza hemisphaerica	
	A. Mycena citrinella	
	Peziza	
42	Merulius crispus	
	Tremella encephala	
	Physarum farinaceum	
	A. Gym. coccineus	
	Sphaeria fimbriata	
	Peziza anomala	

43	Cyathus scutellatus	
	A. Lepiota colubrinus	
	A. Pratella echinata	
	A. Omphalia candidans	
44	Sphaeria ?	
	A. Omph. tigrinus [struck]	
	Tremella spiculosa	
45	unidentified black clavarioid fungus	
	A. Omphalia gilva	
	unidentified large agaric	
	A. Omph. ericetorum	
	unidentified myxo	
46	unidentified little disco	
	A. Gym. atrovin_dis	"(12)"
	A. Lactifluus pallidus	"(68)"
	A. Cop. ephemerus	"(40)"
47	2 unidentified agaric	"(4) (43)"
	A. Lepiota carcharias	
	A. Lact. tessaceus	
	A. Gymnoporus pssittacinus	"(8)"
48	A. G. humilis [struck out] comitialis	
	A. Cortinaria decolorans	"(38)"
	Clavaria pratensis	
49	Subssantia aquatica	
	Merul. crips. inexplicat.	
	Tubercularia vulgaris	
	A. Pleur. tessellatus	

49 cont.           unidentified crust

50                 A. *Gymnopus leiopus*                           "(29)"

                   A. *Mycena* [struck out] *Omphalia nigrella* "(9)"

*Merulius umbonatus*

*Lep. carcharias*                               "(30)"

*Lactifl. si.....*
